OBJECTIVE

Highly motivated and detail-oriented Full Stack Developer with hands-on experience in building dynamic web applications. Passionate about leveraging modern technologies such as React, Node.js, and MongoDB to create innovative solutions. Seeking a challenging role to apply my skills in front-end and back-end development, while contributing to collaborative projects and growing in the field of software development.

EDUCATION

Sathyabama Institute of Science and Technology, Chennai

Bachelor of Engineering in Computer Science Engineering

2022-26

CGPA: 7.5

Narayana Junior College, Hyderabad- Senior Secondary

State Board of Secondary Education (S.S.E)

2019-2020

Percentage: 85.6

Narayana E-Techno School, Hyderabad - High School

State Board of Secondary Education (S.S.E)

2019

CGPA: 10

EXPERIENCE

CODEC TECHNOLOGIES (WEB DEVELOPER INTERNSHIP):

April (2025) – May (2025)

- Assisted in developing and maintaining web applications, using React.js, Node.js, HTML, CSS, Java Script.
- Collaborated with the team on projects, providing support in coding, debugging, and testing software. Designed and built frontend UI with React, ensuring a responsive and intuitive user experience across devices.
- Gained hands-on experience in front-end/back-end development, UI/UX, etc.
- Developed an Real E-state Web site and an Online Food Ordering web site with proper UI/UX Interface for Responsive Design.
- Also gained Hand on experience on backend using Express.js and Linking frontend and Backend Using API calls Using Axios.

SKILLS AND TECHNOLOGIES

- Programming Languages:** Java, Tail Script , JavaScript, Python (Basic), HTML, CSS
- Technologies And Tools:** VS Code.
- Technical Skills:** React.js, Vite, Node.js, Express.js, Mongo DB
- Soft Skills:** Problem Solving, Time Management, Leadership, Teamwork, Communication, and Adaptability

PROJECTS

REAL E-STATE WEBSITE WITH MAP INTEGRATION SYSTEM

- Developed a real estate platform that allows users to browse property listings with an integrated map system for location-based search.
- Implemented Google Maps API for interactive maps, enabling users to visualize property locations, search by proximity, and get directions.
- Designed and built frontend UI with React, ensuring a responsive and intuitive user experience across devices.
- Developed backend functionality with Node.js and Express, including database management with MongoDB for storing property listings, user data, and search filters.

SATHYABAMA EVENT MANAGAER

- Developed a web-based event management platform designed for users to organize, manage, and attend events at Sathyabama University.
- Implemented user authentication and authorization features, allowing users to register, log in, and manage their event participation.
- Created dynamic event creation and registration features, enabling event organizers to set up events, define schedules, and track attendee registrations.
- Designed and built frontend interfaces using React, ensuring a smooth and responsive user experience across devices.

Food Ordering Website with Payment Gateway

- Developed a food ordering website that allows customers to browse menus, add items to the cart, and securely place orders with integrated payment gateway functionality.
- Implemented user authentication and session management, enabling users to create accounts, log in, and track their orders.
- Designed and built the frontend using HTML, CSS, and JavaScript, creating a clean, responsive, and intuitive user interface for smooth navigation across devices.
- Developed the backend with Node.js and Express, handling order data, user details, and real-time order status updates.
- Integrated MongoDB to store customer profiles, order history, and menu data.

STRENGTHS

- Adaptability
- Communication Skills
- Leadership
- Problem-Solving

CERTIFICATIONS

- Algox Fusion – Full Stack Developer (PRIDE INTERN CERTIFICATE)
- CODEC Technologies – Web Developer (INTERNSHIP CERTIFICATE)
- Techno Summit'24 - Hackathon (PARTICIPATION CERTIFICATE)
- UI/UX Design (Great Learning)
